SILVERTECH SOCIETY

INTERGENERATIONAL CONNECTION

Part Tech Club, Part Ministry, 100% Community

Imagine a Pathfinder club with Apple Store Energy – For Adults!

What if your church could host a ministry that brings generations together? Where Pathfinders uses wilderness training to accomplish this, we use digital training!

That's is the vision behind SilverTech Society—a church-based club where young adults (18–34), many of whom are seeking purpose and community, are trained to support older adults (50-95) with technology. These young mentors are guided by adult leaders (35–49) who manage the program and bridge the generations.

This isn't just tech help—it's meaningful connection.

What It Looks Like

SilverTech Society turns your church into a place where generations grow together in unity, service, and love.

Each week, your church becomes a welcoming space where generations gather for learning, games, snacks, and spiritual conversation.

Young adults receive tools to build confidence, connection, and professional development.

Mature adults receive support, increased engagement, and opportunities for mental enrichment. And between the apps and Wi-Fi tips, something deeper happens—community building through friendship.

What it looks like

All of our young training material for the young adult tech concierge program has Bible verses and key christian concepts woven throughout.

One example, for our module called "Communication tools", the focus for that lesson is Col. 4:6 - "Let your conversation be always full of grace, seasoned with salt, so that you may know how to answer everyone."

Our recommendations we will provide range from prayer before classes (inviting the Holy Spirit to open minds to what is being taught) for clubs focused on in-reach, to a curated literature corner (where community members can take and read whatever might be relevant to them) for clubs engaging heavily in outreach.

WHAT YOU NEED TO SUCCEED

- Multi-Purpose Space that is available for 4+ hours per week

- A minimum of 10 adults aged 50+ that are interested in regularly attending

- At least 1 Adult leader onsite at all times (recommended age 35-49)

- A minimum of 2 Tech Concierges (tech helpers) onsite at all times

- (Looking for local young adults? We can help!)

- A few interactive games (or a budget for games - we have suggestions!)

We Provide Everything Else!

Annual Support Packages

You choose how involved we are

Starter Package

$110/month
or
$1,000/Annually
when paid upfront

Growth Package

$150/month
or
$1,500/Annually
when paid upfront

Impact Package

$200/month
or
$2,000/Annually
when paid upfront

Ways Your Church Can Support the Program

- Department budgets
- Donation based
- Membership Dues
  - Our recommendation for this option is no more than$10-20/per month for each member based on your church's needs

- **Smaller church?** Team up with another church in your area to split the total cost by forming one joint club.

- Lower the initial program fee by joining other local churches to have a combined training; but then host your own separate clubs by paying the annual fee individually.

BRINGING INNOVATION & IMPACT TO YOUR MINISTRY

SilverTech Society is easy to launch, deeply impactful, and fully aligned with Kingdom values. It's a ready-to-go ministry that fosters connection, discipleship, and purpose across generations.

If your church is ready to reach people in a new way and/or strengthening your existing community, we're here to guide you with a clear path and hands-on support to ensure your ministry's success.
